Partner Schools list

Doc ID: DOC-SCH-SADM-001 · Verified on 2026-10-05 against `main` @ `ce1f07c2` · Roles: Overseas Admin

Purpose

See every partner school in one table, find a school quickly, and copy its **School ID**. You need the School ID to edit a school (see [Edit a school profile and its partnership tier](#)).

Who Can Use This Feature

Overseas Admin. A Super Admin who opens this page sees “Access unavailable — Workspace not found” (see [Super Admin and the school screens](#)).

Prerequisites

You are signed in as an Overseas Admin.

How to Access

Overseas Admin sidebar > **Schools**.

Steps

Step 1 — Open the list

In the sidebar, click **Schools**. The page **Partner Schools** opens. The badge on the right of the table shows how many schools there are (for example “4 role-scoped records”).

Actions

Changes are validated, permission checked, and written to the live workflow.

Operational

Create school

Edit school profile

Searching the list

Step 3 — Sort and page

Click a column heading to sort by that column; click again to reverse. Use **Rows per page** (10, 25 or 50) and the **Previous** / **Next** buttons when there are many schools.

Fields

Column	Description
Reference	The system's internal record number. You do not need it.
School ID	The 8-character school code. Use it to look a school up for editing.
Name, Branch, City, State	From the school profile.
Board	CBSE, ICSE, State, IB or Other ("-" when not set).
Tier	The partnership tier in lower case: bronze, silver, gold or platinum ("-" when no tier is set).
Created	When the school was created (date and time as stored).

Expected Result

You can see and find every partner school. The newest school is at the top.

Validation Messages

None. The list only reads data.

Common Errors

Problem: “No matching records” appears. **Cause:** The search or filter matches no school. **Resolution:** Click **Clear controls** (or **Clear**) and search again.

Tips

- Search, filter, sort and paging work on the schools already loaded on the page; refresh the page after creating a school elsewhere.
- Rows are not clickable. To change a school, copy its **School ID** into **Edit school profile** below the table.

Create a school and its Coordinator

Doc ID: DOC-SCH-SADM-002 · Verified on 2026-10-05 against `main` @ `ce1f07c2` · Roles: Overseas Admin

Purpose

Add a new partner school and, in the same step, create the login for its **School Coordinator**. The Coordinator receives an email with a link to set their password.

Who Can Use This Feature

Overseas Admin.

Prerequisites

- The Coordinator's email address is not used by any other EduSphere account.
- Decide the school's **partnership tier** (Bronze, Silver, Gold or Platinum). It controls which services the school can use (see Partnership tiers explained (*see the User Manual*)).

How to Access

Overseas Admin sidebar > **Schools** > **Create school** (below the Partner Schools table).

Steps

Step 1 — Fill in the school's details

Scroll to **Create school**. Fill in at least **School name**, **Coordinator full name** and **Coordinator email**. Fill in the other fields if you have them.

2. Upload the filled-in file

School created

The form clears and the new school appears at the top of the Partner Schools list.

Fields

Field	Description	Required	Example
School name	The school's name.	Yes	Docs Bronze School
Branch	Campus or branch name.	No	Main campus
Address	Street address.	No	12 FC Road
City / State	Location.	No	Pune / Maharashtra
Contact number	School phone number.	No	+91 20 0000 0000
Email	The school's own email (not the Coordinator's).	No	office@school.example
Website	School website.	No	https://school.example
Grades available	Free text.	No	Grades 1–12
Board	Not set, CBSE, ICSE, State, IB or Other.	No	CBSE
Partnership tier	Not set, Bronze, Silver, Gold or Platinum.	No	Bronze
Partnership date	Date the partnership started.	No	05-10-2026

Field	Description	Required	Example
Agreement / MoU reference	Your agreement number.	No	MOU-2026-014
EduSphere BDM	Name of the EduSphere business developer (free text).	No	—
Vice Principal	Name.	No	—
Monthly visit schedule	Free text.	No	First Monday
Coordinator full name	The School Coordinator's name.	Yes	Docs Bronze Coordinator
Coordinator email	The Coordinator's login email.	Yes	coordinator@school.example

Expected Result

- The school exists with a new 8-character **School ID**.
- The School Coordinator account exists and is waiting for its password to be set.
- The Coordinator receives the email "Welcome to EduSphere – set your password". The link is valid for 72 hours (see Set your first password from a welcome link (*see the User Manual*)).

Validation Messages

Message	When
Your browser asks you to fill in the field	School name , Coordinator full name or Coordinator email is empty.
Email already exists	The Coordinator email already belongs to an EduSphere account.
A valid email address is required	The Coordinator email is not a valid address. (<i>From code; not seen in the browser.</i>)

EduSphere Portal Overseas Administrator

Monthly visit schedule

Coordinator email

school.coordinator@edusphere.local

Create school + seed Coordinator

Email already exists

Onboard several schools (CSV)

Add many partner schools at once. Each school gets its own coordinator account and set-password email, exactly like Create school.

1. Download the template

Download the template (.csv)

► Column reference

2. Upload the filled-in file

Email already exists

Common Errors

Problem: The message ends with “The email was not delivered (email is not configured on this server). Re-send the link from the Users page or dashboard once email works, or ask the user to use “Forgot your password?” on the sign-in page.” (shown in amber instead of green). **Cause:** The school and the Coordinator account were created, but the server could not send the email. **Resolution:** Do not create the school again. Re-send the link when email works — see [Re-send a set-password link](#).

Problem: “Email already exists”. **Cause:** The Coordinator already has an EduSphere login (any role). **Resolution:** Use a different email address for the Coordinator, or ask EduSphere support how to handle the existing account.

Problem: “Network error – it is not known whether the school was created. Check the schools list before trying again.” (From code; not seen in the browser.) **Cause:** The connection dropped while saving. **Resolution:** Refresh the page and search the list for the school before creating it again.

Tips

- There is no **Valid until** field here. To give the partnership an end date, create the school, then set **Valid until** in [Edit school profile](#) (or use the CSV upload, which has a `tier_valid_until` column).
- Setting a tier here does not send the school a “tier changed” notice; only later changes do.
- School name**, **City** and **State** cannot be changed after the school is created. Check them before you click the button.
- This form does not stop you creating a second school with the same name and city (the CSV upload does) (from code). Search the list first.

Edit a school profile and its partnership tier

Doc ID: DOC-SCH-SADM-003 · Verified on 2026-10-05 against `main` @ `ce1f07c2` · Roles: Overseas Admin

Purpose

Update a partner school's details, change its **partnership tier** (upgrade or downgrade), or set the date the partnership is valid until.

Who Can Use This Feature

Overseas Admin.

Prerequisites

You know the school's **School ID** (copy it from the [Partner Schools list](#)).

How to Access

Overseas Admin sidebar > **Schools** > **Edit school profile** (to the right of **Create school**).

Steps

Step 1 — Look the school up

Type the **School ID** and click **Look up**.

Fields

Field	Description	Required	Example
School ID	The 8-character code used to find the school.	Yes	B681F08A
Branch, Address, Contact number, Email, Website, Grades available	School profile.	No	Main campus
Board	Not set, CBSE, ICSE, State, IB or Other.	No	CBSE
Partnership date, Agreement / MoU reference, Edusphere BDM, Vice Principal, Monthly visit schedule	Partnership details.	No	—
Partnership tier	Not set, Bronze, Silver, Gold or Platinum.	No	Gold
Valid until	Last day of the partnership. Leave empty for no end date.	No	31-03-2027

School name, City, State and the Coordinator cannot be changed here.

Expected Result

- The school's profile is saved.
- When the tier goes up or down, the school's Coordinator(s) and Principal(s) receive a notice, by email and in EduSphere, such as "Your partnership is now Silver" or "Your partnership changed from Silver to Bronze". You also receive a notice "Tier change recorded: {school}, {old} → {new}".
- From now on, the school can start only the services its new tier includes.

Validation Messages

Message	When
No changes to save.	You clicked Save changes without changing anything.
No school found with that School ID	The School ID does not exist.
Not saved: This school's tier changed to {tier} since you looked it up. Look it up again before changing the tier.	Another admin changed the tier while you were editing. <i>(From code; not seen in the browser.)</i>

Board

Edit school profile

School ID

FFFFFFFF

Look up

No school found with that School ID

School ID not found

Common Errors

Problem: “No school found with that School ID”. **Cause:** The code is mistyped, or it is the long “Reference” number instead of the School ID. **Resolution:** Copy the 8-character value from the **School ID** column.

Problem: “The save could not be confirmed. Look the school up again to check before retrying.” (*From code; not seen in the browser.*) **Cause:** The server did not confirm the save. **Resolution:** Look the school up again and check its values before saving again.

Tips

- Changing only **Valid until** does not notify the school.
- To renew a partnership, move **Valid until** to the new end date. Once the date has passed, the school’s tier-limited work is refused with “This school’s partnership expired on {date}.” (seen in S5 when scheduling an activity at the expired school; see *Schedule an activity (see the User Manual)*).
- A downgrade never removes work the school already started; that work can still be completed.

Onboard several schools by CSV

Doc ID: DOC-SCH-SADM-004 · Verified on 2026-10-05 against `main` @ `ce1f07c2` · Roles: Overseas Admin

Purpose

Create many partner schools at once from a spreadsheet saved as CSV. Each school gets its own School Coordinator account and set-password email, exactly as if you had used **Create school**.

Who Can Use This Feature

Overseas Admin.

Prerequisites

- A spreadsheet program that can save as CSV (UTF-8).
- One row per school, with a unique Coordinator email for each.

How to Access

Overseas Admin sidebar > **Schools** > **Onboard several schools (CSV)** (below Create school and Edit school profile).

Steps

Step 1 — Download the template

Click **Download the template (.csv)**. Open **Column reference** to see what each column expects.

Download the template (.csv)

▼ Column reference

COLUMN	REQUIRED	FORMAT	EXAMPLE
name	Yes	Text, up to 200 characters	Sunrise Public School
city	No	Text, up to 120 characters	Pune
state	No	Text, up to 120 characters	Maharashtra
tier	No	bronze, silver, gold or platinum	gold
tier_valid_until	No	YYYY-MM-DD	2027-03-31
coordinator_full_name	Yes	Text, up to 160 characters	Meera Iyer
coordinator_email	Yes	Email; must not already have an account	meera@sunrise.edu.in
branch	No	Text, up to 200 characters	Kothrud
address	No	Text, up to 500 characters	12 FC Road, Pune
contact_number	No	Text, up to 30 characters	+91 98200 00000

Template download and column reference

Step 2 — Fill in the file

Open the template in your spreadsheet program. Keep the header row exactly as it is. Add one row per school and save as CSV.

Step 3 — Upload the file

Under **2. Upload the filled-in file**, choose the file in **Filled-in schools file** and click **Upload schools**. Large files can take up to a minute.

Step 4 — Read the result

The **Upload result** shows a summary and one line per row:

- **Added** — the school was created; the Detail column says “Set-password link emailed”.
- **Rejected** — the row was skipped; the Detail column says why.

Rows that were added stay added even when other rows are rejected. The summary reads, for example, “2 of 5 schools onboarded, 3 rejected. Schools that succeeded are kept — fix the rejected rows and upload just those.”

1. Download the template

Download the template (.csv)

► Column reference

2. Upload the filled-in file

Filled-in schools file

Choose File docs-school-onboarding-bad.csv

CSV, up to 1 MB and 100 schools. One school per row.

Upload schools

Missing required column: coordinator_email

File error

Messages about one row (only that row is skipped):

Message	Meaning
same coordinator_email as row {n}	Two rows use the same Coordinator email.
tier must be one of bronze, silver, gold, platinum	The tier is misspelled.
a school with this name and city already exists	That school is already a partner.

Message	Meaning
Email already exists	The Coordinator email already has an account. <i>(From code.)</i>
same school name and city as row {n}	The same school appears twice in the file. <i>(From code.)</i>

Row numbers count the header as row 1, so the first school is row 2.

Common Errors

Problem: “No schools were onboarded. Fix the rows below and upload again.” *(From code.)* **Cause:** Every row was rejected. **Resolution:** Read each Detail message, fix the rows, and upload again.

Problem: Detail says “Email not delivered — re-send from the Users page”. *(Seen when email was switched off on the documentation server.)* **Cause:** The school was created but the email could not be sent. **Resolution:** See [Re-send a set-password link](#).

Problem: “The connection dropped. Upload again — the same file won’t be added twice.” *(From code.)* **Cause:** The network dropped during the upload. **Resolution:** Upload the same file again; schools already created are not created twice.

Tips

- After fixing rejected rows, upload a file that contains only those rows.
- Unlike **Create school**, the CSV can set **tier_valid_until**.

Create school staff accounts and their school portfolio

Doc ID: DOC-SCH-SADM-005 · Verified on 2026-10-05 against `main` @ `ce1f07c2` · Roles: Overseas Admin

Purpose

Create logins for EduSphere’s school specialists — **Academic Team**, **Career Counselor** and **Psychometric Team** — and choose which partner schools each one works with (their **school portfolio**). A specialist can only see and work on students at the schools in their school portfolio.

Who Can Use This Feature

Overseas Admin.

Prerequisites

- The schools exist (see [Create a school and its Coordinator](#)).
- The person’s email is not used by any other EduSphere account.

How to Access

Overseas Admin sidebar > **School Staff**.

Steps

Step 1 — Review existing staff

The table lists every specialist account, with its **Role** and how many **Schools in portfolio** it has. Use **Search records**, **Filter by** and the column headings as on the Partner Schools list.

School staff list

Step 2 — Fill in the new account

Scroll to **Create Academic Team / Career Counselor / Psychometric Team account**. Choose the **Role**, then type the **Full name** and **Email**.

Step 3 — Choose the school portfolio

In **School portfolio**, select the schools. Hold **Ctrl** (Windows) or **Cmd** (Mac) and click to select more than one. Type in **Search schools...** to narrow the list. The buttons help:

- **Select all (N)** — every school.
- **Select visible / Clear visible** — the schools shown by your search.
- **Clear all** — remove every selection.

The label shows how many are selected, for example “(2 selected)”.

Docs No-Tier School

Docs Bronze School

Sunrise Public School

Hold Ctrl (Windows) or Cmd (Mac) to select more than one. A portfolio can be left empty and filled in later, but the account can't act on any student until at least one school is assigned.

Create account

Account created for docs.at@example.test. A set-password link was emailed and is valid for 72 hours.

Account created

Fields

Field	Description	Required	Example
Role	Academic Team, Career Counselor or Psychometric Team.	Yes	Academic Team
Full name	The person's name.	Yes	Docs Academic Team
Email	Their login email.	Yes	name@edusphere.example
School portfolio	The schools they work with.	No (but see Tips)	Sunrise Public School, Docs Platinum Two

Expected Result

- The account appears in the table (role shown as `academic_team`, `career_counselor` or `psychometric_team`) with its number of schools.
- The person receives “Welcome to EduSphere – set your password”. After setting a password and signing in, they see the students of the schools in their school portfolio.

Validation Messages

Message	When
Your browser asks you to fill in the field	Role , Full name or Email is empty.
Email already exists	The email already belongs to an account. <i>(From code.)</i>

Message	When
A valid email address is required	The email is not valid. <i>(From code.)</i>
Full name must be at most 160 characters	The name is too long. <i>(From code.)</i>

Common Errors

Problem: The success message is amber and says the email was not delivered. **Cause:** The account was created but the email could not be sent. **Resolution:** [Re-send a set-password link](#) when email works.

Problem: The specialist signs in but sees no students. **Cause:** Their school portfolio is empty ("0" in **Schools in portfolio**) or the school has no students yet. **Resolution:** See the tip below about changing a school portfolio.

Tips

- **Choose the school portfolio carefully.** The help text says a school portfolio "can be left empty and filled in later", but this screen has no way to add or remove schools for an existing account. Ask EduSphere's technical team if a specialist's school portfolio must change.
- The table shows how many schools a specialist has, not which ones.

Related Features

- [Re-send a set-password link](#)

Start an overseas application for a school student

Doc ID: DOC-SCH-SADM-006 · Verified on 2026-10-06 against `main` @ `ce1f07c2` · Roles: Overseas Admin, Counselor

Purpose

Start an overseas university application for a student of a partner school. The application then counts on the school's **Global Education** page, and the student's parents are told.

Who Can Use This Feature

- **Overseas Admin**: sidebar **School Applications**.
- **Counselor** (Overseas): sidebar **School Applications** (`/overseas/counselor/school-applications`). The list shows only applications the counselor started.
- A **Super Admin** gets "Workspace not found" on this page (see [Super Admin and the school screens](#)).

Prerequisites

The student's school has an unexpired **Gold** or **Platinum** partnership (Application support).

How to Access

Sidebar > **School Applications**.

Steps

Step 1 — Open the page

The page shows **School-Linked Overseas Applications** (a searchable table) and the panel **Start an Overseas application for a School student**.

Review school transfer requests

Doc ID: DOC-SCH-SADM-007 · Verified on 2026-10-06 against `main` @ `ce1f07c2` · Roles: Overseas Admin, Super Admin

Purpose

Approve or reject requests from School Coordinators to move a student between partner schools. Approving moves the student in one step.

Who Can Use This Feature

Overseas Admin. A **Super Admin** can open the page by typing its address (it shows the Overseas Admin sidebar).

Prerequisites

A coordinator has filed a request (outgoing from the losing school, or incoming from the gaining school).

How to Access

Overseas Admin sidebar > **School Transfers**.

Steps

Step 1 — Review the queue

Transfer requests ({n}) opens on **Pending review**, newest first. Each request shows the student, Student ID, “From {A} → To {B}”, who requested it (the losing or the gaining school), the reason and what approval would do (“If approved: up to {n} linked parent accounts may move, and {n} unpublished results will be withdrawn.”).

Docs Bronze School has no assigned staff portfolio, so the student will be invisible to the Academic Team, Career Counselor and Psychometric Team until one is assigned.

All requests

Fields

Field	Description	Required	Example
Status	Pending review, All, Approved, Rejected, Cancelled.	—	Pending review
Note for the requesting coordinator (optional)	Up to 500 characters, shown to the coordinator.	No	Please resubmit after the term ends.

Expected Result

- **Approved:**
 - The student moves; their teacher, section and roll number are cleared, and unpublished results are withdrawn.
 - Both coordinators and the linked parents are notified.
 - Parents keep access to their child.
- **Rejected:** nothing changes; the requesting coordinator gets an in-app notice (without your note), and your note appears with the request on their **Transfers** page ("Admin note: ...").

Validation Messages

Message	When
This transfer request has already been decided	Someone else decided it first. <i>(From code.)</i>

Message	When
The student is no longer at the school this request was filed for; reject it and file a new one	The student moved in the meantime. <i>(From code.)</i>

Common Errors

Problem: “The decision did not complete. Check your connection and refresh the queue before trying again.” *(From code.)* **Cause:** Network problem. **Resolution:** Refresh the page and check the request’s status before deciding again.

Tips

- An approval cannot be undone from this page. To reverse it, the coordinator files a new request the other way.
- Before approving into a school with no staff school portfolio, consider assigning specialists first (see [Create school staff accounts](#)).

Docs No-Tier School	No tier	0	0	0	0	0	—	0	New

Search

48 / 61

Step 4 — Page through

25 schools per page, with ← **Previous** / **Next** → (*from code; the documentation server has 6 schools*).

Fields

Figure	Meaning
Schools: Total / Active	All partner schools / schools with a tier that has not expired.
New (90 days)	Partnership started (or school created) in the last 90 days.
Renewal due (60 days)	Tier ends within 60 days or has already ended.
Students: Total, Career guidance, Psychometric, Counselling, Global education	Students across all schools, and how many received each service.
Services: Delivered / Pending / Not tracked	Included services used, included services not yet used, and included services EduSphere does not track.
Utilization	Delivered ÷ (Delivered + Pending), for example $18 \div 67 = 26.9\%$ on the documentation server ("—" when the school has no tier).
Outcomes	Applications, Offers, Visas, Admissions, Internships. Scholarships shows "Not tracked yet — No school-student scholarship link exists yet (ENH-017)."

Flag	Meaning
New	Partnership started in the last 90 days.
Renewal due	Tier ends within 60 days or has ended.
No active tier	No tier, or the tier has expired.

(Definitions from code. Seen in S10: the expired Gold school shows Tier "Gold" with all three flags; the school without a tier shows "No tier" and "—" utilization.)

Expected Result

You can see which schools are under-using their partnership or need renewal.

Validation Messages

Message	When
No schools match "{search}".	Nothing matches your search (<i>from code</i>).
No partner schools yet.	No schools exist (<i>from code</i>).

Common Errors

Problem: "This section couldn't load. Refresh to try again." (*From code.*) **Cause:** The figures could not be fetched. **Resolution:** Refresh the page.

Tips

- An expired school still shows its old tier name in **Tier**; check the **No active tier** flag. (The school’s own Entitlements page shows no warning; see View your school’s partnership entitlements (*see the User Manual*).)
- To change a school, open it from sidebar > **Schools**.
- The Super Admin sees the same page with the Super Admin sidebar.

Activity Feedback across schools

Doc ID: DOC-SCH-SADM-009 · Verified on 2026-10-06 against `main` @ `ce1f07c2` · Roles: Overseas Admin, Super Admin

Purpose

Read what School Coordinators said after each EduSphere activity, across every partner school, to improve the sessions.

Who Can Use This Feature

Overseas Admin. A **Super Admin** can open the page by typing its address (it then shows the Overseas Admin sidebar — see [Super Admin and the school screens](#)).

Prerequisites

None. Feedback appears once coordinators submit it.

How to Access

Overseas Admin sidebar > **Activity Feedback**.

Steps

Step 1 — Read the feedback

School activity feedback ({n}) lists every submission, newest first. Each shows the activity, school, type, date (IST), attendance and the ratings, trainer, feedback, suggestions and who submitted it.

▼

No feedback submitted yet.

Filtered by school

Step 3 — More results

When there are more than 25, click **Load more**.

Fields

Item	Description
Overall rating, School satisfaction	1 – Poor to 5 – Excellent.
Trainer / Counsellor	“Not recorded” when empty.
Feedback, Suggestions	The coordinator’s text (“None” when no suggestions).
Submitted by	Coordinator and time (IST, not labelled).

Expected Result

You can review the quality of EduSphere sessions by school.

Validation Messages

Message	When
No feedback submitted yet.	Nothing matches (all schools, or the chosen school).

Common Errors

Problem: "Could not load activity feedback." (*From code.*) **Cause:** A temporary loading problem. **Resolution:** Click **Try again**.

Tips

- Feedback is read only here; coordinators submit it from their **Feedback** page.

Related Features

- User manual: Give feedback on a completed activity (*see the User Manual*)

Re-send a set-password link

Doc ID: DOC-SCH-SADM-010 · Verified on 2026-10-05 against `main` @ `ce1f07c2` · Roles: Overseas Admin

Purpose

Send a new “set your password” link to a School Coordinator or school specialist (Academic Team, Career Counselor, Psychometric Team) who has not set a password yet — for example because the first email was lost or the 72-hour link expired.

Who Can Use This Feature

Overseas Admin.

Prerequisites

The account is active and still waiting for setup (its password has never been set).

How to Access

Overseas Admin sidebar > **Users** > **Manage users**.

Steps

Step 1 — Find the account

In **Search by name, email, or role**, type the person’s email and press **Enter**. The row’s status shows **Active** and **Awaiting setup**, with a **Re-send link** button.

Select

Create user

Account awaiting setup with Re-send link

Step 2 — Re-send

Click **Re-send link**. The message “New link created for {name}. A set-password link was emailed and is valid for 72 hours.” appears in the row.

Link re-sent

Fields

Field	Description	Required	Example
Search by name, email, or role	Finds the account.	No	docs.at@example.test
Account setup	Filters by setup state.	No	All accounts

Expected Result

The person receives a new “Welcome to EduSphere – set your password” email.

Validation Messages

These messages come from the same Users page and were verified in the Agent CRM documentation (DOC-ADM-008):

Message	When
A link was just sent; wait N seconds before re-sending	Re-send link was pressed again within a minute.
This account has no pending invitation (its password is already set)	The person already set a password.
Reactivate this account before re-sending its link	The account is deactivated.

Common Errors

Problem: There is no **Re-send link** button on the row. **Cause:** The person has already set a password, or the account is deactivated. **Resolution:** If they already set a password, ask them to use **Forgot your password?** on the sign-in page. If the account is deactivated, reactivate it first and then re-send the link (**Forgot your password?** does nothing for a deactivated account).

Tips

- Principals, Teachers and Parents do not get set-password links from EduSphere. Their School Coordinator invites them from the school's **Team** page (see Invite a Principal, Teacher or Parent (*see the User Manual*)).
- The table may need scrolling sideways to see the **Action** column.

Super Admin and the school screens

Doc ID: DOC-SCH-SADM-011 · Verified on 2026-10-05 against `main` @ `ce1f07c2` · Roles: Super Admin

Purpose

Explain which School CRM administration screens a **Super Admin** can use, and which ones they must leave to an Overseas Admin.

Who Can Use This Feature

Super Admin.

Prerequisites

You are signed in as Super Admin.

How to Access

- **School Analytics** is in the Super Admin sidebar.
- The other school screens are not in the Super Admin sidebar. You can only reach them by typing their address.

What you can and cannot open

Screen	Address	What a Super Admin sees
School Analytics	<code>/overseas/admin/school-analytics</code>	Works, with the Super Admin sidebar.
School Transfers	<code>/overseas/admin/school-transfers</code>	Works, but the page shows the Overseas Admin sidebar and the label "Overseas Administrator".
Activity Feedback	<code>/overseas/admin/activity-feedback</code>	Works, but with the Overseas Admin sidebar and label.
Schools	<code>/overseas/admin/schools</code>	"Access unavailable — Workspace not found".
School Staff	<code>/overseas/admin/school-staff</code>	"Access unavailable — Workspace not found".
School Applications	<code>/overseas/admin/school-applications</code>	"Access unavailable — Workspace not found".

School Transfers

Student transfer requests from School Coordinators. Approve or reject pending ones; approving moves the student in one step.

Transfer requests

Coordinators ask; you decide. Approving moves the student in one step.

Status

Pending review

No pending transfer requests.

School Transfers as Super Admin, with the Overseas Admin sidebar

Steps

Step 1 — Use School Analytics

In the Super Admin sidebar, click **School Analytics**.

Step 2 — Review transfers or activity feedback (optional)

Type the address of **School Transfers** or **Activity Feedback** in the browser. You can use them as an Overseas Admin would. The sidebar shows Overseas Admin links; to return to your own pages, go to `/admin`.

Step 3 — Ask an Overseas Admin for everything else

Creating or editing schools, changing partnership tiers, onboarding schools by CSV, creating school staff and starting applications for school students must be done by an **Overseas Admin**.

Fields

None.

Expected Result

You know which screens to use and which to hand to an Overseas Admin.

Validation Messages

Message	When
Access unavailable — Workspace not found	A Super Admin opens Schools, School Staff or School Applications.

Common Errors

Problem: “Access unavailable — Workspace not found” on the Schools page. **Cause:** These three pages are only built for the Overseas Admin. **Resolution:** Click **Go to your dashboard** and ask an Overseas Admin to make the change.

Tips

- On School Transfers and Activity Feedback, the sidebar links lead to Overseas Admin pages. Some of them (for example **Schools** and **School Staff**) show “Workspace not found” for you.
