Counselor CRM — Frequently asked questions

Accounts

Where do I sign in? At the **Overseas Education Portal** (`/overseas/login`), not the Administration sign-in. See Sign in *(see the User Manual)*.

My set-password link doesn't work. Links last 72 hours and work once. A re-sent link replaces the old one. Ask your Overseas Admin to re-send it. See Set your first password *(see the User Manual)*.

How do I sign out on my phone? Menu (☰) → **My profile** → **Logout** in the website header. See Sign out *(see the User Manual)*.

Leads

Why can't I move a lead to Follow-up? Every open stage needs a next action with a due date first. See Next action *(see the User Manual)*.

Why are some stages missing from Change stage? Counselors choose Qualified, Follow-up, Counselling Scheduled, Counselling Completed, or close the lead as Not Interested, Not Eligible or Lost. Other stages are set by telecallers or the system. See Change stage *(see the User Manual)*.

How do I reopen a closed lead? You can't; ask the telecaller manager or your Overseas Admin.

When can I convert a lead to a student? From **Qualified** up to **Counselling Completed**, when no student is linked. See Convert *(see the User Manual)*.

Does logging a "Not Interested" call close the lead? No. A counselor's call never changes the stage. Close it with Change stage *(see the User Manual)*.

Can I book a counselling appointment for my lead? No. Telecallers book them; you confirm them and record the outcome. See Lead appointments *(see the User Manual)*.

Students and applications

Where do I change an application? On **Students** (or **Applications**) → **Evaluate Applications**. The 360 Applications tab only lists applications. See Advance stage *(see the User Manual)*.

Why can't I mark an application Ready for submission? Every required checklist document must be **Verified** (or **Approved**, for a CV or SOP) or marked **Not required**. See Sub-status and the gate *(see the User Manual)*.

How do I mark an application Enrolled? With **Enrolment** → **Confirm enrolment** and the confirmation document. **Advance stage** never offers Enrolled. See Confirm enrolment *(see the User Manual)*.

Can I change an application's intake? Only when the university defers the student: **Record outcome** → **Deferred** → **New intake** replaces it. There is no other intake edit on the counselor screens.

Who can reopen a closed application or correct a visa decision? Only the Overseas Admin.

Documents and money

Why isn’t a document in Document Verification? Only documents tied to one of your applications are listed. Upload documents with their application chosen. See Upload a document *(see the User Manual)*.

Can I record a fee? No; the Overseas Admin records fees. You can upload payment proof and deposit receipts. See Finance tab *(see the User Manual)*.

Reminders and tasks

Where do reminder notices show? Reminder **tasks** appear on **Tasks**. Notices are emailed to you (and sent by WhatsApp/SMS if you opted in); counselors have no notifications page, so they don’t appear inside the portal. See Reminder rules *(see the Administrator Manual)*.

Where did my cancelled task go? Cancelled tasks aren’t listed. Mark tasks done instead if you may need them later. See My tasks *(see the User Manual)*.
