Demo and Docs accounts

Role guide: Overseas Counselor

You guide students from their first conversation to their first week at a university abroad. This guide puts the manual pages in the order you use them. Each step links to the full page.

Your workspace at a glance

Counselor Dashboard

- **Sign in** at the Overseas Education Portal: Sign in *(see the User Manual)*. Your first password comes from the welcome email: Set your first password *(see the User Manual)*.
- The sidebar takes you everywhere: Portal tour *(see the User Manual)*. On a phone, sign out from **My profile** → **Logout**: Sign out *(see the User Manual)*.

A typical day

1. **Start on the dashboard.** The Counselor dashboard *(see the User Manual)* lists overdue follow-ups and tasks first; Quick search *(see the User Manual)* finds anyone.
2. **Then Tasks.** My tasks *(see the User Manual)* shows what is overdue, due today and upcoming, including reminder tasks such as “First contact”.
3. **Confirm today’s appointments.** Use Lead appointments *(see the User Manual)*, and keep them in your own calendar with the calendar feed *(see the User Manual)*.
4. **Work your leads.** Open each lead from My leads *(see the User Manual)*.
5. **Move applications forward.** Use **Evaluate Applications** on the **Students** page (Advance stage *(see the User Manual)*).
6. **Clear the document queue.** Review documents in Document Verification *(see the User Manual)*.

Workflow 1: from handover to student account

Step	Page
A telecaller hands you a lead (or you record a walk-in)	Handover *(see the User Manual)* · Walk-in lead *(see the User Manual)*
Set a next action, log calls and messages, add follow-ups	Next action *(see the User Manual)* · Log a call *(see the User Manual)* · Follow-ups *(see the User Manual)*
Record qualification and move the lead to **Qualified**	Qualification *(see the User Manual)* · Change stage *(see the User Manual)*
Convert to a student, or link an existing account	Convert *(see the User Manual)* · Link *(see the User Manual)*
Not ready? Return it to the telecaller with a reason	Return *(see the User Manual)*
Not going ahead? Close it with a lost reason	Change stage *(see the User Manual)*

Workflow 2: walk-in student

1. Add a walk-in student *(see the User Manual)*. They get a set-password email.
2. Fill the profile *(see the User Manual)* and add notes *(see the User Manual)*.
3. Add an application *(see the User Manual)*.

Workflow 3: application to offer

Step	Page
Create the checklist from the template	Document checklist *(see the User Manual)*
Upload or request documents, tied to the application	Upload *(see the User Manual)* · Request *(see the User Manual)*
Verify documents	Document Verification *(see the User Manual)*
Ready for submission (the checklist gate), then **Submitted**	Sub-status and gate *(see the User Manual)*
Record the offer, its conditions and any interview	Offers *(see the User Manual)* · Conditions *(see the User Manual)* · Interviews *(see the User Manual)*

Workflow 4: offer to arrival

Step	Page
Record the acceptance and the university deposit	Offers *(see the User Manual)* · Deposit *(see the User Manual)*
Upload receipts, check fees	Finance tab *(see the User Manual)* · Upload a receipt *(see the User Manual)*
Run the visa case to a decision	Visa case *(see the User Manual)*
Confirm enrolment, then arrival and orientation	Enrolment *(see the User Manual)* · Arrival *(see the User Manual)*
Archive the student when everything is closed	Archive *(see the User Manual)*

Rules worth remembering

- An open stage needs a **next action** first.
- Due dates for follow-ups, tasks and document requests must be today or later.

- Tie every uploaded document to its application, or it can’t be reviewed.
- **Enrolled** is reached only through **Confirm enrolment**, never **Advance stage**.
- Closed applications, and changing a counselor, are for the Overseas Admin.

Role guide: Overseas Admin — counselors

You run the counselor team: you create counselors, decide who handles which student and application, set up the counselor tools, and step in when work is overdue.

Setting up the team

1. Create each counselor *(see the Administrator Manual)*. They receive a 72-hour set-password link.
2. Each week, filter Manage users *(see the Administrator Manual)* by **Awaiting setup** or **Link expired** and re-send links.
3. Configure the tools before counselors need them:
    - Document checklist templates *(see the Administrator Manual)*, one per country at least, with the right gate (block or warn);
    - Reminder rules *(see the Administrator Manual)*;
    - Message templates *(see the Administrator Manual)*.

Document checklist template

Daily

- **Assign new work:**
    - New agency applications arrive unassigned. Filter **Applications** by **Counsellor = Not assigned** and assign a counselor *(see the Administrator Manual)*.
    - Self-registered students need a counselor too: assign on Users *(see the Administrator Manual)*.
- **Overdue work:** check Overdue by counselor *(see the Administrator Manual)* on **Counselor tasks**, and give a counselor a task *(see the Administrator Manual)* when needed.
- **Monthly:** compare counselors on Team performance *(see the Administrator Manual)*.

When things change

Situation	What to do
A counselor goes on leave	Change the counselor of their students and applications, with a reason (students *(see the Administrator Manual)*, applications *(see the Administrator Manual)*)
A counselor leaves	Reassign their work first, then deactivate *(see the Administrator Manual)*. Deactivation is immediate and doesn't move work
A finished student was archived by mistake	Restore them *(see the Administrator Manual)*
A lead must move to another counselor	No screen for this: the counselor returns it to the telecaller, who hands it to the new counselor
A closed application must be reopened	Only you can reopen it
A visa decision was recorded wrongly	Only you can correct it

Things counselors will ask you

- To change an application's intake: only possible by recording the outcome **Deferred** with a **New intake**.
- To unlink a converted lead's student: only an admin can.
- Why they don't see reminder notices in EduSphere: notices go by email only (counselors have no notifications page); rely on the task-creating rules.

Role guide: Super Admin — counselors

The Super Admin governs both divisions, but most counselor work is the Overseas Admin's. This guide lists what you can do for counselors and what you can't.

What you can do

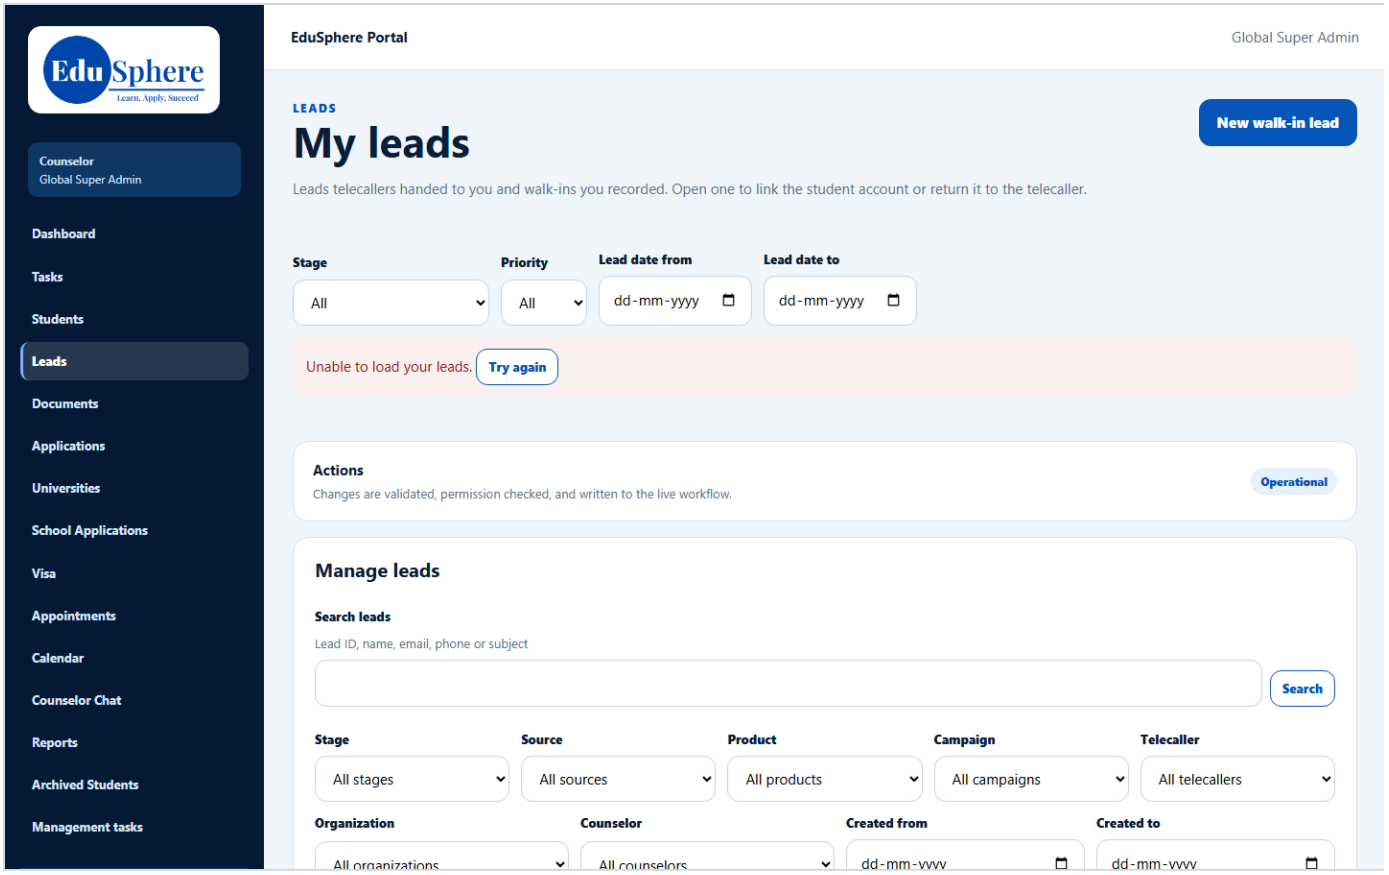

- **Create a counselor** on **Users** (`/admin/users`). Set **Division** to **overseas** before choosing **counselor**; it starts on **it**, and an IT counselor can't sign in to the Overseas portal (details *(see the Administrator Manual)*).

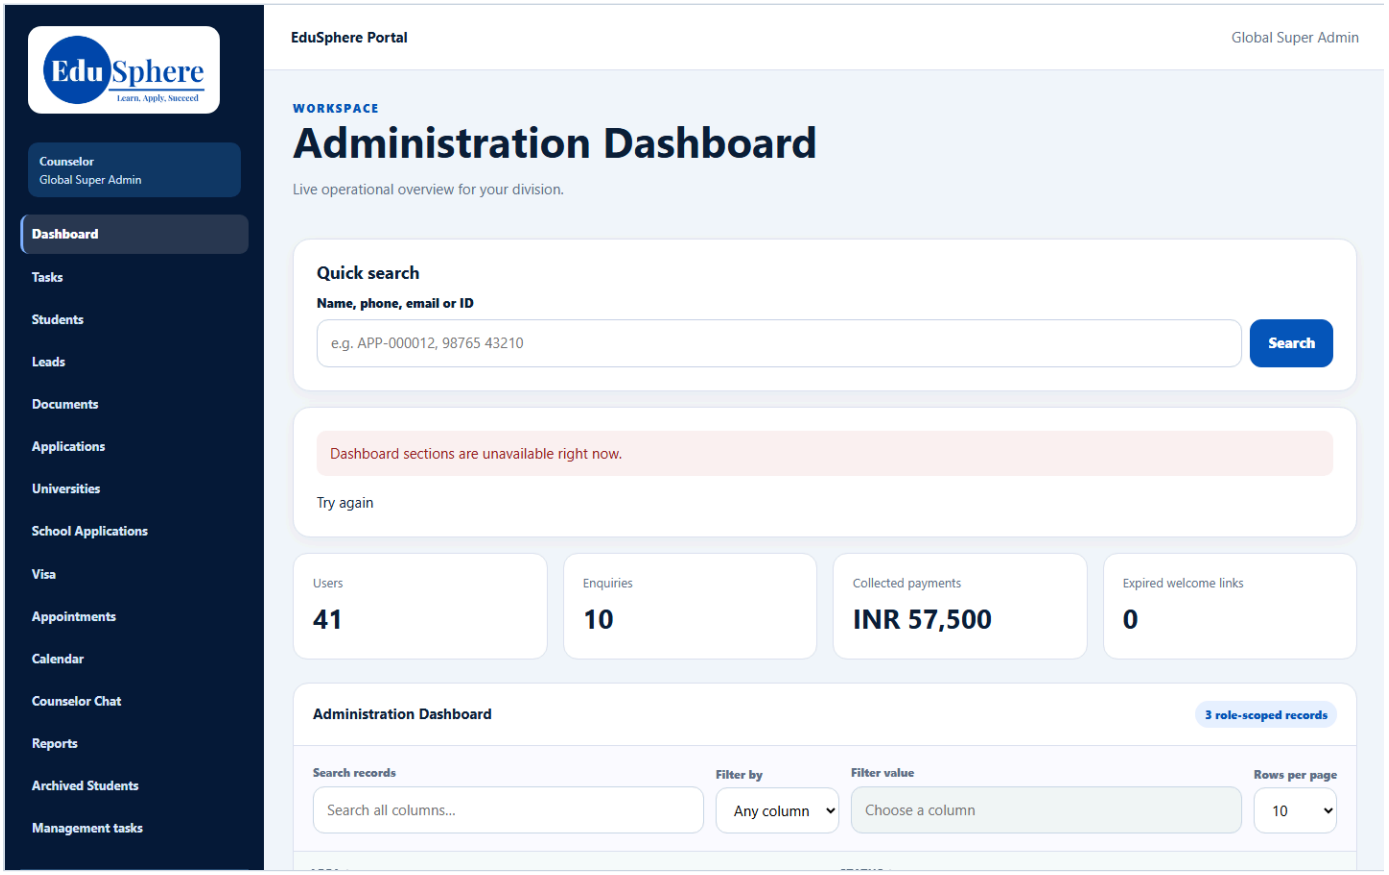

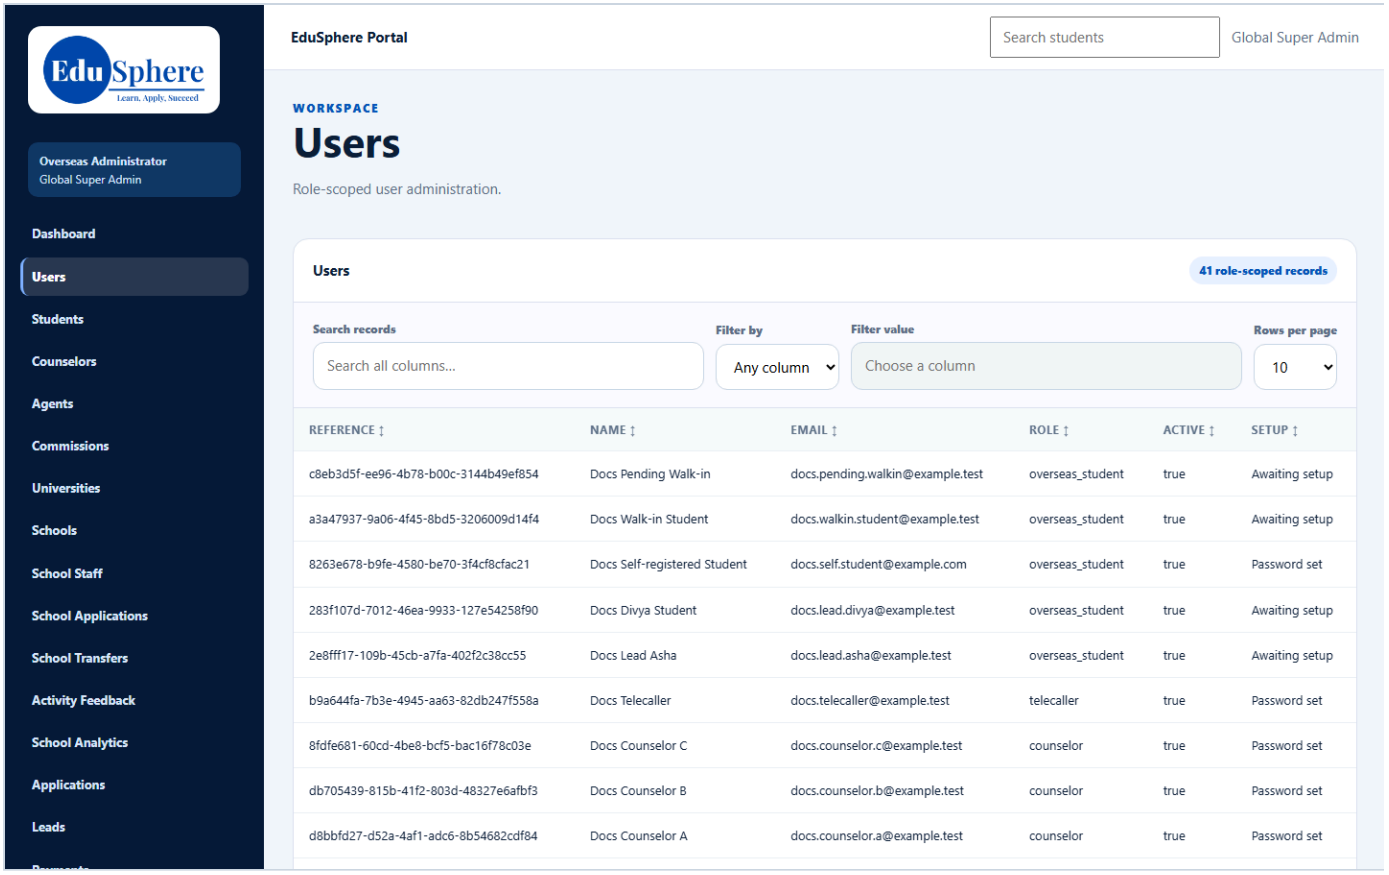

- **Manage users:** re-send set-up links, edit details, deactivate (Manage counselor users *(see the Administrator Manual)*).
- **Open the counselor-admin pages by address:** Document checklists (`/overseas/admin/checklists`), Reminder rules (`/overseas/admin/reminder-rules`), Message templates (`/overseas/admin/message-templates`), Counselor tasks and Counselor performance. They are not in your sidebar, and they show the Overseas Admin's sidebar.

What you can't do

Task	Who does it
Assign or change a student's or an application's counselor	Overseas Admin; you have no **EduSphere counsellor** column
Restore an archived student	Overseas Admin ("Overseas Administrator role required")
Receive the overdue-work escalation notice	Overseas Admins only
Work in the counselor workspace (Leads, Dashboard)	Counselors; the pages open for you but show "Unable to load your leads." / "Dashboard sections are unavailable right now."

Demo and Docs accounts

The screenshots in this set were taken with fictional **Docs** accounts and records, created through the admin screens on a separate documentation stack (owner decision D1). This page maps them to the seeded demo accounts you can use to try the same flows on a demo or training system.

No passwords are recorded here. Docs accounts set their own passwords from the welcome email; seeded demo accounts use the demo password your administrator gives you.

People

Docs persona (screenshots)	Role	Seeded demo account to use instead	Notes
Docs Counselor A (`docs.counselor.a@example.test`)	Overseas counselor	Ritika Counselor (`counselor@edusphere.local`)	The main counselor in every counselor page
Docs Counselor B (`docs.counselor.b@example.test`)	Overseas counselor	— (create a second counselor)	Used to show reassignment
Docs Counselor C (`docs.counselor.c@example.test`)	Overseas counselor	—	Used to show deactivation (S10)
Docs Telecaller (`docs.telecaller@example.test`, DOCS-TEL-1)	Overseas telecaller	Imran Overseas Telecaller (`telecaller.overseas@edusphere.local`)	Hands leads over; books appointments
—	Overseas Admin	Overseas Administrator (`overseasadmin@edusphere.local`)	Used as is
—	Super Admin	Global Super Admin (`superadmin@edusphere.local`)	Used as is; signs in at `/admin/login`
—	Telecaller Manager	Lakshmi Telecaller Manager (`telecaller.manager@edusphere.local`)	Used as is

Leads and students

Docs record	What it shows	Seeded equivalent
Docs Lead Asha → student “Docs Lead Asha”	Handover, qualification, conversion, application to a conditional offer	—
Docs Lead Bilal	Lead closed as Not Interested (lost reason)	—
Docs Lead Chen	Website enquiry (uses an `example.com` email; the public forms reject `.test`)	Demo Overseas Lead
Docs Lead Divya + Docs Divya Student	Walk-in lead; activity; link/unlink	—
Docs Lead Esha, Farah, Gita, Hari	Returned lead; telecaller-booked appointments	—
Docs Walk-in Student	Walk-in account; reassignment; application to enrolment, visa and arrival	Vikram Walk-in (`student.walkin@edusphere.local`)

Docs record	What it shows	Seeded equivalent
Docs Pending Walk-in	Account still awaiting set-up	—
Docs Self-registered Student (`docs.self.student@example.com`)	Website registration, assigned by the admin	—
Ananya Sharma (seeded)	Agency application (reassigned to Docs Counselor A)	Ananya Sharma (`student.overseas@edusphere.local`)

Catalogue

Docs record	Notes
Docs University (United Kingdom)	Published; agent-Master commission **10%** (fictional, owner decision D5)
Docs MSc Data Science (PG)	Course commission **12%** (fictional)
Docs MBA (PG)	No course commission
Docs UK admission checklist	Template v1, Block until complete
Docs offer update	WhatsApp message template

All phone numbers are in the fictional range `+91 90000 1xxxx`. All uploaded files are one-page PDFs marked "DOCS SAMPLE (fictional)".
