Agent CRM — Frequently Asked Questions

Answers are based on behaviour verified in the browser on 2026-10-05 (docs commit `717d6aa8`, `main` @ `6a9be770`).

Accounts and access

How do I register my agency? On the Overseas sign-in page click **Create an account**, choose Account type **Education agent** and fill in the form. See Register an agency (*see the User Manual*).

I registered but every page says “Agent registration is pending approval”. Why? New agencies must be approved by EduSphere’s Overseas Admin. A rejected registration shows the same message. EduSphere does not email you when this changes — sign in again later or contact EduSphere.

How many Masters can my agency have? Up to 3 active Masters. Staff logins are separate; the screens show no fixed limit, but at most 20 can be created or reset per day.

What is the difference between a Master and Staff? Masters see and manage the whole agency. Staff see only students assigned to them and cannot manage the team, commissions, staff performance, archive/assign students or confirm enrollment. See Agency Master (*see the Role Quick-Start Guides*) and Agency Staff (*see the Role Quick-Start Guides*).

Can a staff member verify documents or see reports? Only if a Master turns on **Verify documents** or **View reports** for them under Team > Permissions. Verifying staff can only mark documents verified; only Masters can reject or request changes.

How long do password links last? Reset links: 30 minutes. First-time “set your password” links for new staff and Masters: 72 hours.

Can I change my email address? No — not from My profile, and a Master cannot change a staff member’s email.

Students

What is the difference between “Add student” and “Link student”? **Add student** records a student who has no EduSphere login. **Link student** connects a student who registered on EduSphere themselves. See Link an existing student account (*see the User Manual*).

Why can’t I edit a student? Students with their own login (badge **Has login**) update their own details; archived students must be unarchived first.

Does deleting a student exist? No. A Master can **Archive** a student; nothing is deleted and the student can be unarchived.

Applications

Why is a withdrawn application missing from “All applications”? Withdrawn applications appear only under **Applications > Withdrawn**.

Can I move an application back to an earlier stage? No. Stages only move forward. Withdrawing is final.

How do I mark an application Enrolled? A Master uses **Enroll student** in the application's Enrollment section (from the Offer stage onwards). It cannot be set with Change status.

How do I change the university of an application? Withdraw it and create a new application.

Documents

Which files can I upload? PDF, JPEG or PNG, up to 20 MB (limit set by EduSphere). The type is checked from the file's content.

Why does the visa checklist say "Not uploaded" although I uploaded the document? The document must be uploaded with that **application** selected and then be **verified**.

Money

How is the university deposit paid? Through EduSphere's Razorpay payment window (**Pay deposit**). Once paid, EduSphere forwards it to the university and records the remittance; the agency sees it on the application.

When can we claim a commission? When its status is **eligible** — after EduSphere sets the amount on the commission created at enrollment. Do not claim an **estimated** commission: the screen accepts it, but the claim locks the amount at 0.

Why are commission totals shown per currency? Amounts in different currencies are never added together.

Notifications and reports

When do deadline reminders arrive? Once a day at 08:00 India time, for application and offer deadlines that are exactly today, tomorrow or three days away, plus a summary of overdue tasks.

Is there a "mark all as read"? No. Opening a notification marks it as read.

How large can a CSV export be? Up to 10,000 rows, and up to 30 exports in 10 minutes.

Agent CRM — Troubleshooting

Only problems observed in the browser on 2026-10-05 (docs commit `717d6aa8`, `main` @ `6a9be770`), or reported by the application with the exact message shown, are listed.

“Invalid credentials” when signing in

Problem

The sign-in page shows **Invalid credentials**.

Possible Cause

The email or password is wrong, or your login has been deactivated by your agency Master.

Resolution

Check the email, then use **Forgot your password?**. If you are agency staff and the reset does not help, your login may be deactivated.

When to Contact Administrator

Staff: contact your agency Master to reactivate you. Masters: contact EduSphere Overseas Admin.

“Use the correct EduSphere portal for this account”

Problem

Signing in shows “Use the correct EduSphere portal for this account: sign in at `/it/login`”.

Possible Cause

Your account belongs to another EduSphere portal.

Resolution

Sign in at the address shown in the message.

When to Contact Administrator

If you believe your account should be an Overseas account.

“Agent registration is pending approval”

Problem

After signing in, every page shows **Access unavailable — Agent registration is pending approval**.

Possible Cause

Your agency is waiting for approval, or the registration was rejected (same message).

Resolution

Wait for approval and sign in again later.

When to Contact Administrator

If it has been longer than expected — contact EduSphere Overseas Admin.

“Your agency’s account is suspended”

Problem

Every page shows **Access unavailable — Your agency’s account is suspended.**

Possible Cause

EduSphere suspended the agency.

Resolution

None from the agency side.

When to Contact Administrator

Masters contact EduSphere Overseas Admin; staff contact their Master.

“Only an agency Master can open this page” / “hasn’t given you access to reports”

Problem

A staff member sees **Access unavailable** on Team, Commissions or Reports, or “Staff performance is available to agency Masters.”

Possible Cause

These pages are Master-only; Reports needs the **View reports** permission.

Resolution

Use the pages in your sidebar.

When to Contact Administrator

Ask your agency Master if you need Reports.

“Reset token is invalid or expired”

Problem

The password link shows **Reset token is invalid or expired**.

Possible Cause

The link is older than 30 minutes (reset) or 72 hours (first-time), or was already used.

Resolution

Click **Request a new reset link**.

When to Contact Administrator

For a first-time invitation, ask your Master (staff) or EduSphere Overseas Admin to re-send it.

“A student with this email or phone already exists in your agency”

Problem

Adding a student shows a possible duplicate.

Possible Cause

Another student in your agency has the same email or phone.

Resolution

Click **Go back** to check, or **Save anyway** if it is a different person.

When to Contact Administrator

Not needed.

“An application for this university/course already exists”

Problem

Creating an application is refused.

Possible Cause

The student already has an open application for that university and course.

Resolution

Open the existing application or choose another course.

When to Contact Administrator

Not needed.

Visa stage will not leave Checklist

Problem

"Cannot advance past the checklist stage – not yet verified: {documents}."

Possible Cause

Checklist documents are missing, not uploaded for this application, or not verified.

Resolution

Upload each listed document under Documents with this application selected and have it verified.

When to Contact Administrator

Not needed.

"Upload a PDF, JPEG or PNG file"

Problem

An upload is refused.

Possible Cause

The file is another type (for example Word or text).

Resolution

Save or scan the document as PDF, JPEG or PNG and upload again.

When to Contact Administrator

Not needed.

Staff member has no Review button on documents

Problem

Documents show no **Review** button for a staff member.

Possible Cause

The staff member does not have **Verify documents**.

Resolution

A Master turns it on under Team > Permissions.

When to Contact Administrator

Not needed.

“Commission cannot be claimed in its current status”

Problem

Claiming a commission is refused.

Possible Cause

The commission was already claimed or paid.

Resolution

Check the Claim reference column. Note: claim only **eligible** commissions — an **estimated** one is accepted but its amount is then locked at 0.

When to Contact Administrator

If a commission was claimed at 0 by mistake, or stays estimated for long.

“Online payment is unavailable right now. Nothing has been charged.”

Problem

The deposit section shows this message and no **Pay deposit** button (message from the application code; not observed in testing).

Possible Cause

Online payment is not set up on this EduSphere installation.

Resolution

None from the agency side.

When to Contact Administrator

Contact EduSphere Overseas Admin.

Admin: “A refund cannot exceed the paid amount”

Problem

Recording a refund is refused after confirming.

Possible Cause

The refund amount is higher than the paid deposit.

Resolution

Enter at most the amount shown under the field (“At most ₹...”).

When to Contact Administrator

Not applicable.

Admin: “Access unavailable — Workspace not found” (Super Admin)

Problem

A Super Admin opening Agents, Commissions or Overseas Applications sees **Workspace not found**.

Possible Cause

These Overseas Admin screens are not available to Super Admin.

Resolution

Use an Overseas Admin account.

When to Contact Administrator

Not applicable.
